Profile

I am a Front-End Developer and UX/UI Designer with a strong foundation in creating intuitive interfaces and scalable applications. Currently pursuing a degree in Computer Engineering at Yarmouk University, I have cultivated problem-solving skills through competitive programming, with a Codeforces rating of 1550. My experience includes building innovative projects, organizing programming competitions, and collaborating effectively in team environments. Additionally, I am actively expanding my backend development skills to transition into a full-stack developer role.

Education

Bachelor's in Computer Engineering - Yarmouk University (Expected: 2026)
